Wise men dine at Anchor between 11:30 and 1 daily, and take a glass of that delicious Seattle Rainier beer.

There is no monotony in the lunch courses set at the Anchor. There is a daily surprise for the guests. The home cooked viands are a perfect, wholesome treat.

This is just the weather for shandy gaff. Call at the Royal, Pacific or Cosmopolitan and have it made out of Pabst Milwaukee beer. You will be entranced with it.

At the Empire you can select your beers from the Seattle, National or half and half, with the standard brands of other liquors maintained to the satisfaction of all friends.

At the Pacific, Royal and Cosmopolitan saloons you obtain interchangeable checks for the famous Pabst Milwaukee beer on draft. This is a great convenience to patrons.

In a warm climate beer should be cool, clear, bright refreshing and wholesome, but not too strong or heady. These requisites are perfectly blended in Pabst Milwaukee which you can get on draught or in bottle at the Peacock saloons.

At the Royal Annex an adjunct to the Royal Saloon patrons will find the prettiest little sample room in town and the famous Corregio. At lunch time a pleasing lunch is spread, and all the liquors supplied are of the finest quality.

Novelties in household goods draw customers to the up-to-date stores; their presence on the shelves is an indication of push and energy combined with enterprise, the foundation to every successful business house. We find pleasure and profit in getting out of the old rut and bringing a few sunshine novelties into the store.

One of the woes of the average housekeeper lies in the can used to hold kerosene for the lamps. Frequently she finds the floor discolored by grease spots and disgust follows. One of our new Globe oil cans will obviate this and for very little money.

Crown fryers are as well known in the States as Crown bakers, nearly everyone whose stove has not a broiler attachment uses one because the result is practically the same. They are exclusive with us.

In the warm weather (and that means nearly all the year 'round with us), nothing is so refreshing as an ice cream or a sherbet. The Lightning Freezer excels all others in the making of these delicacies. We sell this in preference to any other.

After your dessert a cup of delicious coffee is almost necessary—you know what muggy coffee is? By the use of a Princess coffee pot the coffee is absolutely clear and free from grounds. When the berries are ground in an Enterprise mill such as we sell and cooked in a "Princess" nothing can be better.

You've read about chafing dishes, possibly owned one; those made of Aluminium such as we offer are the best, and in the end the cheapest.

DON'T FORGET.

DON'T forget that the quality of the leather in a harness regulates more than anything else its wearing properties. You cannot expect poor leather to wear well. Harnesses made from the best leather will look well and wear well, as only the best leather can wear. A harness that always looks well without much attention, and does not need frequent repairs
